## SURGERY

If your physician recommends surgery, you will talk to his Surgery Coordinator. Please note while our staff will attempt to pre-certify/prior authorize or pre-determine and requirements of your insurance it may become necessary for you to handle this process if we are unsuccessful in our attempts. If authorization is obtained, please understand your insurance company still applies a disclaimer stating "authorization is not coverage of said procedure, coverage will be determined at the time the claim is received and is not a guarantee of payment". Pre-surgical deposits may be required dependent on your benefit levels, coverage, and deductible amount.
